

World Crossbow Shooting Association Inc.

**Guidelines for Scoring and Award Claims at
All registered WCSA Championships.**

Effective as of 1st January 2022

These guidelines have been compiled to provide additional information for all World Crossbow Shooting Association (WCSA) crossbow members and should be read in conjunction with the latest World Crossbow Shooting Association - Shooting Rules.

The WCSA Shooting rules and these Scoring and Award Claims Guidelines refer specifically to all approved registered WCSA events. Each Federation may operate under their own local rules and regulations and that is a matter for those individual Federation and their members.

Scoring.

WCSA have a series of Standard Scorecards for Target, Indoor, Matchplay, Forest / Bushland which are available on the WCSA website. It is recommended that the appropriate scorecards be used for every shoot regardless of it being a championship or club shoot. Regularly using the WCSA standard scorecards will ensure that all shooters are aware of the layout of the scorecards and all information required to be entered on the scorecards.

For major events the Organising committee may insert the Event Name and Event Logo to the scorecard (if applicable). The Organising committee may also fill in some preliminary information for you and this should always be checked to ensure it is correct.

It is very important that you as the shooter fill out all the information required on the scorecard/s. **For all WCSA registered events double scoring is mandatory.**
